DETAILED ACTION

Response to Amendment

The reply filed on 5/19/2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The newly presented claims 1-18 are in improper format because the originally filed claims 1-6 have been neither amended or cancelled. There are now two sets of claims 1-6. If the original claims 1-6 are to be cancelled then later filed claims 1-18 must be re-numbered as claims 7-24 and be labeled as (new) and not (original). If original claims 1-6 are to be amended then the amended claims must include brackets or strikethrough for deleted subject matter and underlining for added subject matter and should be labeled as (amended). The substitute specification, filed 1/4/2006, must include a marked up copy showing deletions (by bracketing or strikethrough) and insertions (by underlining) based upon the originally filed specification as well as a clean copy of the specification with the insertions/deletions being already made. Even though translation mistakes were made in the original presentation of the application, it is Applicant's responsibility to present any amended subject matter that corrects the originally filed claims and specification by amending or canceling the originally filed claims and specification. Applicant is cautioned against the addition of new matter. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
